## DEAN / CEO MESSAGE

It gives me great pleasure to welcome students to Bacha Khan Medical College, Mardan, an institution established in 2010 to provide quality medical and dental education. Since its inception, the College has remained committed to academic excellence, ethical practice, and community service.

Bacha Khan Medical College offers MBBS and BDS programs and is affiliated with a well-equipped teaching hospital, Mardan Medical Complex Mardan where students receive practical clinical training. The College aims to produce competent and skilled healthcare professionals who can meet the healthcare needs of society and contribute to medical research and education.

Our educational approach focuses on strong academic foundations, clinical competence, ethical values, and professional discipline. We strive to develop students not only into capable doctors and dentists but also into responsible individuals with respect for patients and society.

The College provides a supportive learning environment with qualified, experienced, and dedicated faculty members, modern teaching facilities, and appropriate clinical exposure. Students are encouraged to work hard, remain disciplined, and make full use of the learning opportunities provided.

I am confident that the education and training received at Bacha Khan Medical College will prepare you for a successful professional career and enable you to serve humanity with integrity and dedication. I wish all students a successful academic journey and a bright future.

## Introduction

Mardan (The Land of Hospitality) is a city and headquarters of Mardan District in the Khyber Pakhtunkhwa of Pakistan. The second major city of Khyber Pakhtunkhwa, which is located at 34° 12' ON 72° 01' 60" E with an altitude of 283 meters (931 feet) lying in south west of the district.

It was part of the ancient Gandhara Civilization. Most of its land is agricultural. It has one of the world's best irrigation systems, which were laid down by the British Government during British Rule (1857-1947). There are still remains of the Gandhara Civilization, scattered in different areas of Mardan.

Bacha Khan Medical College is one of the Public Sector Medical College of Khyber Pakhtunkhwa Province at Mardan. It has been named after the great freedom fighter of the soil; Khan Abdul Ghaffar Khan known as Bacha Khan. After MTI Act. The college has been extended to four teaching institutions.

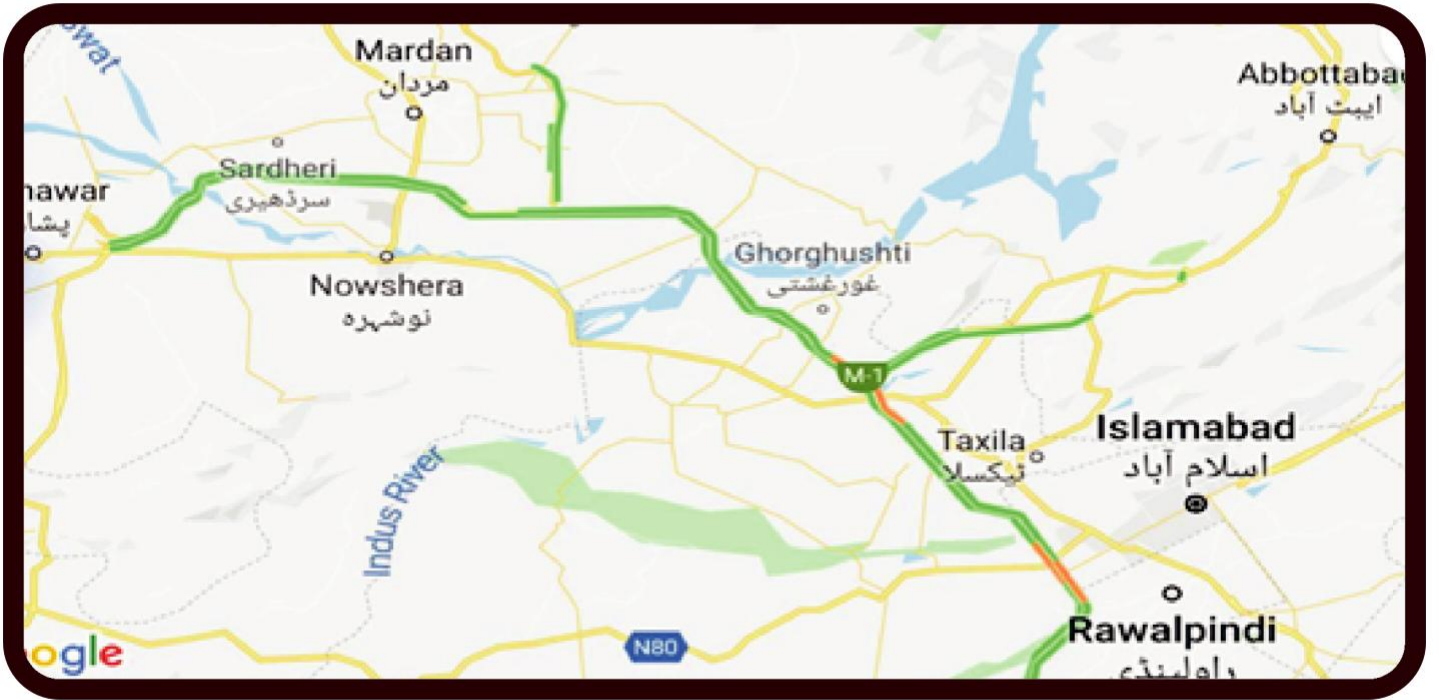

1. Bacha Khan Medical College(BKMC)
2. Bacha Khan Dental College(BKDC)
3. College of Nursing Mardan(CNM)
4. College of Medical Technologies(CMT)

Mardan Medical Complex (M.M.C) which is a Teaching Hospital for Bacha Khan Medical College is only a 05 minutes' drive from 'Rashakai' interchange of Motorway (M1) on Mardan-Nowshera Road. Mardan Medical Complex is 730 bedded hospital and serving as Center of Excellence not only for Mardan but also for adjoining districts of Swabi, Charsadda, Nowshera and Malakand. In addition to this, construction work on a 200 bedded Benazir Bhutto Children Hospital is near to completion. The Emergency & OPD service has been started in year 2018. Admitting capacity of the college is 100 in MBBS and 50 in BDS courses. At present 16 batches of MBBS and 13 batches of BDS students are passed out.

Bacha Khan Medical College is a progressive Medical Teaching Institution. A well stocked library, e-library and a Self-Learning Resource Center is established within the college with latest computers and internet facility for the staff and students.

The college is having a Medical Education Department also; Separate hostels for Boys and Girls are situated within the premises of institution. Bacha Khan Dental College was initially established in session 2011-12 as dental section later on it was upgraded to Dental College by BoG's after MTI Act.

## Mission

To become a prominent regional health center focused on improving individual and community health and achieving national and international standard of excellence.

## Vision

To train the students through best practices to fulfill the health needs of society with emphasis on professionalism, research and health advocacy.

## Outcomes

At the end of graduation, BKMC graduates should be able to

1. Apply core medical and scientific knowledge to individual patients, populations and health systems
2. Demonstrate a commitment to excellence, evidence-based practice and the generation of new scientific knowledge.
3. Demonstrate by listening, sharing and responding, the ability to communicate clearly, sensitively and effectively with patients, their family, doctors and other health professionals.
4. Elicit an accurate, organized and problem focused medical history, including family and social occupational and lifestyle features, from the patient and other sources.
5. Describe health policy and planning
6. Demonstrate preventing practices related to communicable, non-communicable diseases and injuries.
7. Explain the socio-economic determinants of health-related events.
8. Demonstrate all the attitudes of medical professionalism and bio ethics.

## Departments

The college has the following well-staffed teaching departments of basic sciences, with fully equipped lecture halls, demonstration/tutorial rooms, laboratories and museums.

### Anatomy Department

The salient facilities at this department, situated on Ground Floor of Academic Block, include a fully air-conditioned & well-maintained Dissection hall with facility for cadavers (dissection on the cadavers by the students in the supervision of dedicated faculty members will commence in the near future), a well- equipped histology laboratory having teaching and individual light microscopes and a well- established museum, having a vast collection of dissected specimens and plastic models of human body.

### Physiology Department

The Department of Physiology is on the Ground Floor of the Academic Block, between the Anatomy and Biochemistry departments. It has qualified teachers and modern equipment like Power Lab, audiometers, spirometers, and ECG machines. The Power Lab helps with research and tests like EEG, EMG, and nerve studies.

Physiology is the study of how the human body works and is very important in medicine. It is connected to Anatomy, Biochemistry, Pharmacology, and Pathology.

The department has a lab, demonstration hall, two self-study rooms, a separate lecture hall for BDS students, a library, and offices. Facilities like washrooms, day care, and a kitchen are available for staff and students. The course follows the modular system approved by the Pakistan Medical Commission and Khyber Medical University. Teaching includes interactive classes, group discussions, seminars, assignments, practical labs, and self-study.

Students are assessed through module exams, block exams, and a final university exam. Internal assessments (20% of final marks) include exam results, attendance, and behavior. The final university exam counts for 80% of the marks.

## Department of Biochemistry

The Department of Biochemistry at Bacha Khan Medical College, Mardan, was established in 2010 and is located on the ground floor of the Academic Block. The department has a purpose-built facility in line with PMDC/P-MC requirements.

It has a well-equipped laboratory for practical training of undergraduate and postgraduate students, with sufficient equipment and reagents. The laboratory is regularly maintained and all equipment is properly checked.

The department includes lecture rooms, laboratory, small group discussion rooms, faculty offices, a departmental library, and support areas. Teaching facilities such as whiteboards, multimedia, computers, and printers are available.

## Pharmacology Department

The Department of Pharmacology at Bacha Khan Medical College, Mardan is located on the 1st floor of the Academic Block. It has a well-equipped laboratory with audiovisual teaching aids and essential experimental equipment, including Power Lab, kymograph, tissue organ bath, and chemical reagents.

The department is a key pre-clinical discipline that links basic medical sciences with clinical practice. It focuses on the teaching and training of undergraduate medical students.

An animal house is planned, which will support demonstrations of the effects of pharmacological agents on animal organs for 3rd-year students.

Teaching follows the PMDC/PMC and HEC-approved curriculum and syllabus, ensuring quality education in Pharmacology and Therapeutics.

## Forensic Medicine Department

Located on the 1st floor of the Academic Block, this department features a toxicology museum where students study various specimens related to toxicology, traumatology, and other pathological conditions. Students receive practical training in examining body fluids like blood, semen, and saliva, focusing on their medico-legal importance.

As part of Bacha Khan Medical College, MTI Mardan, the department is staffed by dedicated faculty who provide expert opinions on clinical forensic and medico-legal cases. We are committed to supporting policy development and improving medico-legal services.

To enhance quality and skills, we regularly organize workshops and hands-on training for medical officers, judicial officers, law enforcement personnel, and forensic scientists.

# Pathology Department

Located on the 2nd floor of the Academic Block, the Pathology Department includes a laboratory, museum, and sections for histopathology, hematology, chemical pathology, and microbiology. These sections handle cases from the attached teaching hospital.

The Pathology Department offers training programs for both undergraduate and postgraduate students. It focuses on providing practical experience and comprehensive education to prepare future leaders in pathology.

The clinical lab is well-equipped and provides diagnostic services such as routine blood tests, coagulation profiles, bone marrow aspirations, blood banking, serology, culture tests, molecular tests, and various chemical analyses. The lab is accredited by CPSP for postgraduate training and currently hosts residents and trainees from multiple specialties.

The department's goals are to improve students' investigative skills, expand postgraduate training to more specialties, and advance specialized testing like flow cytometry and immunohistochemistry, and actively participate in teaching and research programs with Khyber Medical University.

The Pathology Department aims to be a center of excellence, connecting basic and clinical sciences to improve disease diagnosis and treatment.

## Community Medicine Department

Located on the 2nd floor of the Academic Block, this department has an impressive museum for students. With the new system-based curriculum, Community Medicine is taught during the first four years of the MBBS course.

Teaching mainly includes lectures and demonstrations, along with visits to places like vaccination centers, basic health units, family planning centers, infectious disease hospitals, drug addiction centers, and water and sewerage plants.

Community Medicine focuses on health issues affecting the whole community. It helps identify health problems and needs, plans and implements healthcare programs, and evaluates their effectiveness. This field is also called social medicine, preventive medicine, or public health.

## Medical Education Department

The department is located on the 2nd floor of the Academic Block. The Department of Medical Education (DME) works to improve teaching, learning, and student assessments at the college. It supports teachers with curriculum planning, teaching methods, and student's evaluations in according to PMDC standard.

The department coordinates with the faculty in the implementation of faculty development program. It also supervises the assurance of accreditation and quality enhancement. In the future, the DME plans to enhance simulation-based learning and support faculty in latest innovations in the field of medical education.

## Departments of Clinical Sciences

In addition to the Basic Sciences, students in their clinical years receive hands-on training in the well established departments of the attached 730+ bedded Mardan Medical Complex (MMC), Mardan. Clinical teaching is conducted under the supervision of qualified faculty and consultants in the following departments:

- Medicine
- General Surgery
- Obstetrics & Gynecology
- Pediatrics
- Ophthalmology
- Otorhinolaryngology (ENT)
- Psychiatry & Behavioral Sciences
- Orthopedics
- Nephrology
- Emergency Medicine
- Cardiology
- Pediatric Surgery
- Radiology
- Anesthesiology
- Pulmonology (Chest Medicine)
- Gastroenterology
- Dermatology
- Urology
- Neurosurgery

These departments provide comprehensive clinical exposure, ensuring that students acquire the knowledge, skills, and professional competencies required for safe, ethical, and evidence-based medical practice.

## 2nd Convocation 2023

Bacha Khan Medical College (BKMC), Mardan held its 2nd Convocation on Saturday, 10 June 2023, at the College Auditorium to celebrate the academic achievements of its MBBS and BDS graduates.

The ceremony was presided over by His Excellency Haji Ghulam Ali, Governor of Khyber Pakhtunkhwa and Chancellor, Khyber Medical University (KMU), as the Chief Guest. The event was attended by distinguished guests including Prof. Dr. Riaz Anwar, Special Advisor to the Chief Minister for Health and Pro Vice Chancellor, Prof. Dr. Zia-ul-Haq, Vice Chancellor KMU, Mr. Inam ullah Wazir, Registrar KMU, members of the Board of Governors (MTI), faculty members, parents, and invited guests.

During the ceremony, degrees were awarded to MBBS graduates of the 2017–2023 batches and BDS graduates of the 2017–2021 batches. A total of 109 MBBS graduates and 55 BDS graduates were conferred degrees. In recognition of outstanding academic performance, 51 MBBS students and 35 BDS students were awarded gold medals for the respective academic sessions.

In his address, the Dean congratulated the graduates and emphasized the importance of professionalism, integrity, ethical practice, lifelong learning, and service to humanity. He also highlighted BKMC's academic advancements, quality assurance initiatives, promotion of research culture, and the establishment of key academic units, including the Examination Section, Quality Enhancement Cell (QEC), and Digital Library.

The convocation marked a significant milestone in BKMC's academic journey and reaffirmed its commitment to producing competent, compassionate, and ethically grounded healthcare professionals.

## ACADEMICS

### COURSE OF STUDIES:

The course of studies for MBBS is five academic years. The duration of the academic session for each year depends upon the completion of course work and the recommended minimum teaching hours for each subject (traditional curriculum) or each module (integrated curriculum). The academic session usually extends for 9 months including preparatory holidays and examination.

### CURRICULUM:

KMU has introduced an integrated curriculum of MBBS, in full agreement of erstwhile PM&DC now PMC standards, for all of its affiliated/constituent colleges for the session 2018-19 and onwards. This is a revised system-based curriculum taught in modules, in contrast to the conventional/traditional subject-based curriculum, in accordance with the World Federation Medical Education (WFME's) international standards. The modular system integrates basic sciences with clinical sciences and puts stress on Medical Skills, Knowledge and Attitudes. Islamiat & Pakistan Studies as a subject is taught in 2nd year as a part of PMC curriculum.

## EXAMINATIONS

Internal assessment & evaluation is done as per PM&DC and KMU Academic Council Rules & Regulations which includes "End-of-Module Exams" and "Block Exams" in the System based curriculum. Comprehensive annual university examinations are held in all subjects in all the professional examinations. In the upcoming academic year. All Professional Examinations will be held as per Modular System-based Curriculum in which the theory papers are MCQs only and skills assessment is Objectively Structured Practical Examination (OSPE) only.

## (TORs) for Institutional Curriculum Committee

The Institutional Curriculum Committee aims to implement, monitor, and continuously improve an integrated, organ-system-based, student-centered medical curriculum that aligns with institutional outcomes, regulatory standards (PMDC/KMU), and international best practices.

## Institutional Curriculum Committee Structure

### 2.1 Composition

- Chairperson Institutional Curriculum Committee (to be appointed by the Dean from among departmental chairpersons).
- Director Medical Education (DME).
- All module coordinators.
- Clerical secretary.
- Faculty/Focal persons from all basic and clinical disciplines including representation from Behavioral Sciences and Community Medicine.
- Student representatives (CRs) for each professional year.

### 2.2 Responsibilities

- Oversee academic standards and quality enhancement processes.
- Formulate curriculum-related policies and implementation strategies.
- Conduct regular meetings to review curriculum implementation.
- Review assessment and evaluation results for curriculum effectiveness.
- Approve changes and innovations in teaching/assessment strategies.
- The meeting minutes will be disseminated by the chairman institutional curriculum committee with a formal mechanism to ensure the smooth execution of the curriculum implementation in the hospital.
- Forward unresolved or major changes to KMU through the Director Medical Education and Dean.

Module Committees Operating under the guidance of the ICC at BKMC, each module committee is tasked with the planning, execution, and review of individual modules.

## Composition of Module Committees

Each committee will include:

Module Coordinator (senior faculty member).

Module Members (faculty from all relevant disciplines).

Student Representation: recognizing the value of student-centered learning, the inclusion of student perspectives is essential. The Class Representative (CR) from each professional year will be a member of their respective year's module committee. Students' constructive feedback and suggestions will contribute to curriculum improvement and innovation.

## Responsibilities

- The module coordinator will be responsible for supervising and managing all aspects of the module.
- The module coordinator will prepare weekly timetables, notify and disseminate among the students/teachers positively.
- The module coordinator will prepare a study guide according to recent guidelines (including outcomes, learning objectives, table of specification-to align objectives, instructional strategies and assessment techniques, theme-wise integrated timetable, blueprints, and learning resources).
- At the end of every module, an assessment will be conducted from all students consisting of (MCQs, SAQs & OSPE/OSCE). The module coordinator and members are accountable for conducting and overseeing assessments. They must address any issues or student grievances before, during, and after assessments.
- Every module record must be kept by the modular coordinator. All relevant documents will be collected in a file & sent to the Chairman Curriculum Committee / Director Medical Education. The file must contain the academic calendar, proposed teaching hours & achieved teaching hours of various disciplines (to be calculated from the timetable).
- Every module must be evaluated by QEC. QEC should ensure timely submission of curriculum feedback to the Department of Medical Education (DME).
- The work of module coordinators & members will be reflected in their annual confidential report.

## Meetings and Feedback Mechanisms

### Module Meetings:

- A pre-module meeting will be held for making the integrated theme-wise timetables and proper planning of large and small group formats.
- A post-assessment meeting will evaluate module implementation and assessment outcomes. In light of the item analysis report, improvements shall be made in the MCQs.
- Feedback by the students and faculty is mandatory after module completion and must be submitted in writing to the DME by QEC. Constructive recommendations will be reviewed for feasibility and possible implementation.
- Major curricular changes will be communicated to the ICC of BKMC. If institutional resolution is not possible, unresolved matters or significant changes will be forwarded to Khyber Medical University (KMU) through the Director Medical Education of BKMC.
